### MRS. FALL'S FRAILTY.

The Serious Charge of Infidelity Preferred by Her Husband.

A Separation is the Result, Followed by a Shooting Affray.

The Alleged True Inwardness of the Recent Difficulty Near Beaman Station.

In Wednesday's issue of the Bazoo there appeared the following item, which at that time was all that could be learned in re gard to the unfortunate affair :

"A warrant was sworn out yesterday for Milton C. Fall, who is charged with atthe 15th inst., by firing at him four shots from a revolver. Fall will have an examination before 'Squire Steelman, at Beaman, Saturday next, when some interesting facts will be brought to the surface, as the case is a nasty one, with

A WOMAN AT THE BOTTOM OF IT."

The Bazoo was given a "pointer" by a gentleman who was not conversant with the facts in the case, and was told that bquire Steelman knew all the particulars, and as he was in the city, there was a chance for a sensation.

A representative of "the paper published for the people now on earth" lost no time in hunting up 'Squire Steelman, but that let the disgusting details come to the surface when the case was called for trial, so the reporter permitted the matter to drop for the time being.

Yesterday, however, the defendant, Milton C. Fall, together with his brother, Frank Fall, and three female members of the family, was in the city and a Bazoo man was soon

ON THEIR TRACK.

Frank Fall, a young man who has just about attained his majority, was met on Main street by the reporter, and after considerable persuasion he consented to talk, learned as follows:

Milton Fall and James Heflin are brothers-in-law, the latter having married the former's sister, Louisa, several years wife's maiden name being Flora Kidd. They were married five years ago and have three children, two daughters and one son. For four or five years past both Fall and Heflin have rented land of James Thomas, two and one-half miles north of Beaman, in a section of country

GROUND FOR HIS SUSPICIONS.

On Tuesday afternoon, July 10th, Fall was plowing in his field, when he noticed Heflin going to his (Fall's) house, and felt confident he was going for no legitimate purpose. Determined to convince himself whether his wife was unfaithful, Fall made his way cautiously to his residence, and looking in at the window, witnessed a sight that almost froze the marrow in his bones, notwithstanding the thermometer stood at 90°. To make a long story short, he caught Heflin and Mrs. Fall flagrante delictu, and then there was a scene beyond the power of the reporter to describe.

Fall says that the guilty couple denied emphatically that they

and Heflin went so far as to threaten his (Fall's) life if anything was said about the fortunate affair so that it would get noised about the neighborhood.

Heflin soon left Fall's place of abode leaving the wronged husband and unfaithful wife to settle matters to suit themselves. Fall then told his wife that they would have to separate, as he could no longer live with a woman who had proven unfaithful to her marriage vows, and he set about making arrangements to take his departure, which he did the next day, Wednesday,

From the day of separation up to the present time the husband and wife have remained apart. and the prospect of a reconciliation is slim indeed

On Sunday afternoon, July 15th, Fall was at the home of his mother, when Heflin came riding up to the house. Just what occurred is unknown to the reporter, as those cognizant of the facts do not care to dentally fell, rolling to the bottom and say anything until

It is known, though, that Fall fired four shots at his licentious brother in-law, peither of which took effect, and Heflin lost no time in getting out of the neighborhood. After Many Days' Liberty, He is Arrested on an Old Charge.

The readers of the Bazoo are familiar with the particulars of an alleged robbery of a valise from K. & T. train No. 153, at Denison, Texas, on the 13th day of June, in which William or "Butch" Marks, William hay, Dan Gold and Johnnie Brockschmidt were implicated—at least charges were made that they were the thieves.

Marks, it will be remembered, was, after remaining in jail here for fifteen days, taken to Texas on a requisition, where he had an examination and was acquitted, proving an alibi. Shay was also released, there not being sufficient evidence to make out a case against him, and Gold and Brockschmidt were not found.

Dan Gold, who, it has been charged, skipped the country for the purpose of avoiding the consequences of his alleged crime, in conversation with a Bazoo reporter yesterday, stated that he had been most unjustly accused, and that he was ready and willing to go back to Denison and face his ccusers.

For the sake of his family, it is to be hoped that young Brockschmidt will be able to clear himself of the serious charge pending against him.
